About Us

Company Profile: MAC EV Tech

Established in 2022, MAC EV Tech has rapidly emerged as one of the fastest-growing companies in India's electric mobility sector. We are a leading manufacturer, supplier, and exporter of EV scooters, EV chargers, and related equipment, offering innovative, reliable, and technology-driven solutions for the modern world.

At MAC EV Tech, we specialize in producing customized EV products that meet the diverse needs of clients while aligning with the latest global standards and advancements. Our products are widely distributed across India and exported to several international markets, earning us recognition for quality and dependability.

We are open to collaboration with government departments, distributors, and wholesalers across the country and are committed to offering high-quality EV solutions at competitive prices.

Under the dynamic leadership of Mr. Pradeep Chauhan, and backed by a state-of-the-art infrastructure, MAC EV Tech delivers an extensive range of high-performance products. Our manufacturing facilities are fully equipped with advanced technology, and our skilled professionals use only premium-grade raw materials to ensure top-tier quality.

To guarantee excellence, all our products undergo stringent multi-stage quality checks before delivery. We also offer products in various specifications to suit the unique requirements of our customers.

Our range is highly appreciated for its efficiency, durability, and versatile applications. As a client-centric organization, we aim for complete customer satisfaction. All products are securely packed using high-quality materials to protect them from dust, moisture, and other transit-related risks—ensuring they arrive in optimal condition.

At MAC EV Tech, we never compromise on quality. Our ethical business practices, innovation-driven approach, and commitment to customer value have enabled us to build a strong and growing clientele across India and abroad.

MACEVTECH – Franchise Opportunity

Powering the Future of Mobility – Together

1. Franchise Models

A. Exclusive Showroom Franchise

- Ideal For: Entrepreneurs wanting a brand-dedicated outlet
- Includes:
 - Display scooters (5–10 units)
 - Accessories section
 - Test ride area

B. Dealership + Service Point

- Location: Semi-urban/urban roadside shop (600+ sq. ft.)
- Ideal For: Local auto dealers, garage owners
- Includes:
 - Sales counter
 - Small workshop for servicing & repairs

C. Mobile Franchise Unit (Rural Model)

- Location: Villages/Small towns
- Ideal For: Low-cost entry business seekers
- Includes:
 - Portable display kiosk or modified van
 - Doorstep test ride/demo service

2. Investment & Returns

Model	Initial Investment	Stock Requirement	ROI Period
Showroom Franchise	₹10–15 Lakhs	Min. 8–10 scooters	12–18 months
Dealership + Service	₹5–8 Lakhs	Min. 5 scooters	10–14 months
Mobile Franchise Unit	₹2–3 Lakhs	2–3 scooters	6–10 months

Investment includes branding, basic stock, training & launch support.

3. Macevtech Support

- Brand Authorization Certificate
- Showroom/Workshop Setup Assistance
- Product & Sales Training
- Lead Generation & Geo-targeted Digital Marketing
- After-Sales Support & Spare Parts Supply
- Listing on Official Website

4. Product Range

- Electric Scooters (Standard, Long Range, Delivery Models)
- Charging Solutions
- Spare Parts & Accessories
- Battery Packs & Retrofit Kits (Optional)

5. Franchise Onboarding Process

1. Apply via franchise inquiry form (www.macevtech.com/franchise)
2. Discussion with regional sales team
3. Location Finalization and inspection
4. Agreement Signing (3-year renewable contract)
5. Setup & Launch within 30–45 days
